The next international convention of the Young Men's Christian associations of North America will be held in this city during the third week of November, 1907.

This announcement was made by President Woodward, of the local association, at a dinner given at 6 o'clock last even-ing in the banquet hall of the new building on G street. The news holds lots of interest for local people, and it was said Says Under Present Conditions Counlast hight that the convention will undoubtedly be the greatest in the history of the Y. M. C. A.

The new Washington building is now regarded as the model of the world for association buildings, and this fact, toand educational work by the local branch in its big meetings and the large support it has accorded the foreign secretaries, have all operated to attract the associable value of Capacas.
